Incumbent Worker Training

Let us help you, help them! Incumbent worker training (IWT) is a business service designed to develop a highly skilled workforce which will result in increased business financial viability, stability, competitiveness, and productivity. Workers participating in IWT will benefit by enhancing existing skills, learning new skills, and earning employer or industry recognized credentials, in addition to retaining employment, maintaining their careers, and/or increasing their earnings potential. IWT will also allow the opportunity for backfilling vacated positions resulting from the promotion of newly trained workers. Based on an upfront agreement, we reimburse you a portion of the training cost of the training you select by the trainer you choose after successful completion of the training. Reimbursement is based on the size of the business and is contingent on availability of funding and Workforce Board approval. Total company size: less than 50 employees = 90%; 50-100 employees = 75%; over 100 = 50%

*Short-term training that enhances occupation-specific skills or basic skills that lead to a credential/certificate.

*Training that leads to an industry recognized credential or a certificate.

Apprenticeship Programs

ApprenticeOhio programs are an inexpensive way to build a highly skilled, motivated workforce. Apprentices can be trained in a range of industries. Best of all, employers can design the programs to meet their needs.

Employer Tax Credits

The Work Opportunity Tax Credit (WOTC) program provides federal tax credits to Ohio employers that hire individuals from one of several target groups. Credits range from \$1,200 to \$9,600, based on the target group and the number of hours worked.

“Military Friendly” Employer Registry

Join over 2,000 Ohio businesses designated as “Military Friendly.” Ohio is proud to be called home by approximately 900,000 veterans and military service members—the 6th largest population in the United States. Simply register on OhioMeansJobs.com.

SharedWork Ohio

Allows workers to remain employed and employers to retain trained staff during times of reduced business activity. The participating employee works the reduced hours each week, and receives an unemployment benefit proportionate to their reduced hours. Reduction percentages must be at least 10 percent but no more than 50 percent of the normal weekly hours of work. SharedWork Ohio plans can remain in effect for 52 weeks.

Job Fairs—in person or virtual

Job fairs are being set up now. You can screen new employee prospects from the convenience of your office or home. Call the OhioMeansJobs one stop center, for a demonstration and to reserve your spot today. Remember all services are at no cost to the employer.

Hire & Train

Your Way

On the job training (OJT)...

You Hire

The hiring decisions are yours. You can select your own candidates or we can do the recruiting for you.

You Train

Training is tailored to your business needs and is not limited to specific job types. We can help you set up a training plan that you organize and conduct in your workplace.

We Pay

Participation is simple. You agree to hire, train and retain employees and we reimburse you 50% of their regular wages for up to 13 weeks - depending on skills needed.
